## ✓ Branding

# Replaceable Topsheet & Sidewall Branding Options

- ✓ Intelligent bannering system with replaceable topsheets, wraps and sidewall branding
- ✓ Due to our velcro bannering system, mounting banners is as easy as it gets
- ✓ The "soft touch" branding elements are made of a lightweight, tear resistant sublimation printed material

The BAGJUMP® branding solutions offer a perfect opportunity to advertise to your target audiences. Develop promotional marketing material straight on to the airbag itself.

  
**SPONSORS LOVE  
BAGJUMP®**

## Material

# We only process the best material

## HEYtex®

All BAGJUMP® materials are exclusively produced by Heytex technical textiles. We have developed these custom-made materials alongside HEYtex® over years of research and co-operation in order to guarantee high-performance, durable materials which are precisely suitable for their intended purpose. Whether it is for the high jump-frequency and year-round usage of a trampoline park, or the high impact energy

of a freestyle motocross landing, we ensure that the materials are custom-tailored to withstand the short- and long-term stresses of their individual use.

Germany's HEYtex® Group are the world leaders in the development and production of high-quality, functional and technical textiles. HEYtex® have over 100 years of experience in R&D and production with certified quality and state-of-the-art technology.

## Did you know that our printed topsheets have been treated with the anti-viral additive?

Long before Covid-19, we have been using an anti-bacterial and anti-viral additive in all of our printed soft touch topsheet materials. According to the information the additive manufacturer provides, it is 'effective against coronavirus and protects synthetic textiles. Treating PES textiles with this additive can reduce viral load by up to 99%

 Safety

# Elevate your Airbag safety with the new BAGJUMP® PRESSURE ALARM SYSTEM

# Why BAGJUMP®

With our rich action sports heritage, BAGJUMP® is the industry leader in airbag innovation, offering high-performance, low-maintenance, hygienic and long-lasting airbag systems for sports, leisure and safety applications.

1

## PASSION

At BAGJUMP® we feel extremely fortunate to have made a big difference in various extreme sports, gymnastics, trampoline parks with our products and to even have worked with aerospace companies on finding impact solutions. We love what we do and are excited to push things forward and safely make the world a bit more exciting.

2

## INNOVATION

Innovation in any sphere takes courage. We have been innovating and pioneering airbag technology alongside many of the world's top athletes and brands over the last 2 decades in order to achieve the unthinkable. It excites us to build prototypes, innovate better materials, advance production techniques and product design/longevity. We are proud of where we have come.

3

## EXPERIENCE

With a track record of successfully delivering over 5,000 projects in various domains, including extreme sports, adventure parks, gymnastic facilities, and industrial safety systems, we have gained extensive expertise in the safety, functionality, manufacturing, and materials of airbag systems. Our in-house engineers possess the prowess to swiftly turn conceptual ideas into tangible reality.

4

## INTERNATIONALLY CERTIFIED

All BAGJUMP® products are certified by TÜV for quality and safety. We work together closely with our industry regulators and have played a large role in assisting the writing of various country and industry norms, such as the IATP, ASTM, DIN EN ISO or BSI code of practice.
