EXPERIENCE NEXT LEVEL SAFETY WITH OUR STATE-OF-THE-ART AIRBAG OPTIONS FOR FMX

BAGJUMP® has been at the leading edge of FMX progression for over a decade. The performance progression at Pastranaland, Nitro Circus, Josh Sheehans triple flip or Daniel Bodins snowmobile double flip were made possible by BAGJUMP® We are the choice of the best athletes in the sport and the top touring shows in the business.

FMX LANDING-FOR TOURING SHOWS AND YOUR COMPOUND

- Packs down small, easy set up and transportsaving you time and money.
- More safety means less injuries and more riding.
- Entertain the crowds with the bigger and more spectacular jumps.
- Suitable for quadbikes, buggy, snowmobiles and anything else you want to land.

ALLROUND AIRBAGS-LIKE A FOAMPIT ON STEROIDS

- Better impact absorption than foam pits means you can go much bigger; this is how double and triple flips are trained.
- Easier exit, no crane needed, no more getting stuck in filthy foam pits, which amplify additional hazards.
- Our airbags are weather proof and portable take them on the road with you.
- Can also be used with quadbikes, buggys and snowmobiles.

ALL TERRAIN AIRBAG - DIRT / TRUCK / SCAFFOLD LANDINGS

- Place it onto existing landings, such as dirt, truck landings or scaffold structures, as a safety topper for practice or shows.
- Retrofit your indoor or outdoor landing and increase your park safety standards.
- Fully calibratable air chambers to adjust to your preferred softness.
- No-Bounce technology for smooth landings for easy ride outs.
- Combine it with an inflated hill to complete the full FMX landing.

AIRPIT STANDALONE LANDING-FOR THE EXTRASOFT LANDING EXPERIENCE

- A perfect mixture of foampit and landing, the softest landing possible where you can still ride out.
- For those extra gnarly tricks where you need an inbetween practice setup 1) Allround Airbag to initially learn 2) Airpit Standalone Landing to spot the landing 3) All-Terrain Landing or FMX Landing to perfect your tricks.

YOUR BENEFITS

LESS INJURIES

Airbags ensure a safer riding environment - no matter if it's at your compound or at a show. Less injuries means more riding.

PUSH YOUR LIMITS

With the safety of airbags you and your riders can safely push your limits and go bigger than they ever could before, which will result in more spectacular jumps.

HIGHER ENTERTAINMENT VALUE

Increase the entertainment value by allowing bigger tricks thanks to the safety of airbag landings, which will have crowds on their feet wanting more.

INCREASED PROFITABILITY

Our airbags save assembly time and are highly portable. This means your events become more efficient and more profitable.

COMBINE

You can connect our tour landings modular to make them double as wide. Or you can set up a flat bag for practice before the show. The ultimate setup!

TARGETED BRANDING

Leverage social media exposure with your own logo or monetize through targeted branding opportunities!

Branding

Replaceable Topsheet & Sidewall Branding Options

The BAGJUMP® branding solutions offer a perfect opportunity to advertise to your target audiences. Develop promotional marketing material straight on to the airbag itself.

- ✓ Intelligent bannering system with replaceable topsheets, wraps and sidewall branding
- Due to our velcro bannering system, mounting banners is as easy as it gets
- The "soft touch" branding elements are made of a lightweight, tear resistant sublimation printed material

Branding

Material

We only process the best material

HEYtex®

All BAGJUMP® materials are exclusively produced by Heytex technical textiles. We have developed these proprietary materials alongside HEYtex® over years of research and co-operation in order to guarantee high-performance, durable materials which are precisely suitable for their intended purpose. Whether it is for the high jump-frequency and year-round usage of a trampoline park, or the high impact energy

of a freestyle motocross landing, we ensure that the materials are custom-tailored to withstand the short- and long-term stresses of their individual use.

Germany's HEYtex® Group are the world leaders in the development and production of high-quality, functional and technical textiles. HEYtex® have over 100 years of experience in R&D and production with certified quality and state-of-the-art technology.

Did you know that our printed topsheets have been treated with the anti-viral additive?

Long before Covid-19, we have been using an anti-bacterial and anti-viral additive in all of our printed soft touch topsheet materials. According to the information the additive manufacturer provides, it is 'effective against coronavirus and protects synthetic textiles. Treating PES textiles with this additive can reduce viral load by up to 99 %

Safety

Elevate your Airbag safety with the new BAGJUMP® PRESSURE ALARM SYSTEM

WARNING SIGNAL LAMP INCLUDED

The BAGJUMP® Pressure Alarm takes safety to a new level by providing real-time monitoring and immediate responses to changes in airbag pressure. This ensures an even safer environment, offering peace of mind to both operators and users. It is fully compliant with the latest industry standards and can be easily integrated with your existing systems.

Why BAGJUMP®

With our rich action sports heritage, BAGJUMP® is the industry leader in airbag innovation, offering high-performance, low-maintenance, hygienic and long-lasting airbag systems for sports, leisure and safety applications.

PASSION

At BAGJUMP® we feel extremely fortunate to have made a big difference in various extreme sports, gymnastics, trampoline parks with our products and to even have worked with aerospace companies on finding impact solutions. We love what we do and are excited to push things forward and safely make the world a bit more exciting.

INNOVATION

Innovation in any sphere takes courage. We have been innovating and pioneering airbag technology alongside many of the world's top athletes and brands over the last 2 decades in order to achieve the unthinkable. It excites us to build prototypes, innovate better materials, advance production techniques and product design/ longevity. We are proud of where we have come.

EXPERIENCE

With a track record of successfully delivering over 5,000 projects in various domains, including extreme sports, adventure parks, gymnastic facilities, and industrial safety systems, we have gained extensive expertise in the safety, functionality, manufacturing, and materials of airbag systems. Our in-house engineers possess the prowess to swiftly turn conceptual ideas into tangible reality.

INTERNATIONALLY CERTIFIED

All BAGJUMP® products are certified by TÜV for quality and safety. We work together closely with our industry regulators and have played a large role in assisting the writing of various country and industry norms, such as the IATP, ASTM, DIN EN ISO or BSI code of practice.
