EXPLORE OUR ADVANCED AIRBAG TECHNOLOGIES FOR BIKE AND SKATE

BAGJUMP® Landing airbags and flat airbags have become an absolute must in any form of training for biking. Whether you are a beginner trying the first jump or looking to win Crankworx – our airbags will help you get there safely.

ALL-TERRAIN LANDING FOR BIKE PARKS - THE GOLD STANDARD

Leogang, Austria

- ✓ A must for any bike park: Take away risks from the trails by giving riders of all skill levels a platform to try their jumps safely.
- ✓ Our airbags are built tough for commercial use and to withstand the high frequencies of a busy bikepark.
- ✓ Less injuries mean people will come back and ride more often.
- ✓ Great advertising space for sponsors and brands.

BIKE LANDINGS - YOUR PERSONAL BACKYARD SETUP

RWilly backyard flip, Australia

- ✓ Portable and lightweight to session with your friends anywhere, anytime - Setup in just minutes.
- ✓ Safety of an airbag, ride out like a normal landing.
- ✓ 3 Standard sizes or custom sized.
- ✓ Works perfectly for bikes and scooter.

AIRPIT STANDALONE - THE FOAMPIT ALTERNATIVE

Lake Garda, Italy

- ✓ Installed indoor and outdoor, the AirPit Standalone is the ideal foam pit replacement solution. No more dust, fluffing the foam or long waiting times.
- ✓ Easy to transport for events and practice sessions.
- ✓ Use it in summer for Bike/Skate/Scooter and in the winter for Ski/Snowboard/Tubing.
- ✓ Features our patented Airpillar System.

BIKE LANDINGS FOR PROS AND TOURING SHOWS

Nitro Circus, USA

- ✓ Practice the biggest jumps onto a real landing with piece of mind; the safest way to push your limits.
- ✓ Save countless hours of setting up and tearing down scaffold or dirt landings.
- ✓ Packs small for easy transport and installed quickly; the ultimate touring landing.
- ✓ Any size or shape is possible.

ALLROUND AIRBAGS FOR PROFESSIONAL TRAINING

Mammoth Mtn., B.C., Canada

- ✓ Like a foam pit on steroids; allows you to go way bigger and land way softer than you ever could on foam - your mind is your limit.
- ✓ Eliminates all down sides of foam pits; easy to exit, weatherproof, no nasty foam cubes, no refuge for snakes or other animals, and best of all it is portable so you can take in anywhere you want.
- ✓ RWillyLand and Pastranaland have clearly shown this boosts your riding to the next level - if you want to ride at the top you will need this airbag to help you train for it.

YOUR BENEFITS

LESS INJURIES

Airbags ensure a safe practice environment - no matter if it's at home, the bikepark or at a show. Less injuries means more riding.

PUSH YOUR LIMITS

With the safety of airbags you and your customers can safely push your limits, creating returning customers.

HIGHER ENTERTAINMENT VALUE

Safer conditions allow riders to perform more spectacular jumps, which increases the entertainment value (live and online)!

ALL SKILL LEVELS

We have airbags for all skill levels- from beginners to pros. You can also have multiple takeoffs for one airbag to satisfy riders of all abilities.

RETURNING CUSTOMERS

We offer airbag solutions that your customers will love and once they're hooked they want to keep coming back over and over again!

TARGET BRANDING

Leverage social media exposure with your own logo or monetize through targeted branding opportunities!

Branding

Replaceable Topsheet & Sidewall Branding Options

The BAGJUMP® branding solutions offer a perfect opportunity to advertise to your target audiences. Develop promotional marketing material straight on to the airbag itself.

- ✓ Intelligent banner system with replaceable topsheets, wraps and sidewall branding
- ✓ Due to our velcro banner system, mounting banners is as easy as it gets
- ✓ The "soft touch" branding elements are made of a lightweight, tear resistant sublimation printed material

Branding

Permanent Airbag Branding Options

- ✓ Permanent Branding options available – ideal for premium longtime sponsorships and permanent installations
- ✓ Individual handpainted branding opportunities
- ✓ Maximum exposure right in the center of the action

Generate additional revenue by selling targeted advertising space right where the audience is having their best time!

Material

We only process the best material

HEYtex®

All BAGJUMP® materials are exclusively produced by Heytex technical textiles. We have developed these proprietary materials alongside HEYtex® over years of research and co-operation in order to guarantee high-performance, durable materials which are precisely suitable for their intended purpose. Whether it is for the high jump-frequency and year-round usage of a trampoline park, or the high impact energy of a freestyle motocross landing, we ensure that the materials

are custom-tailored to withstand the short- and long-term stresses of their individual use. Germany's HEYtex® Group are the world leaders in the development and production of high-quality, functional and technical textiles. HEYtex® have over 100 years of experience in R&D and production with certified quality and state-of-the-art technology.

Did you know that our printed topsheets have been treated with the anti-viral additive?

Long before Covid-19, we have been using an anti-bacterial and anti-viral additive in all of our printed soft touch topsheet materials. According to the information the additive manufacturer provides, it is 'effective against coronavirus and protects synthetic textiles. Treating PES textiles with this additive can reduce viral load by up to 99 %

Why BAGJUMP®

With our rich action sports heritage, BAGJUMP® is the industry leader in airbag innovation, offering high-performance, low-maintenance, hygienic and long-lasting airbag systems for sports, leisure and safety applications.

1

PASSION

At BAGJUMP® we feel extremely fortunate to have made a big difference in various extreme sports, gymnastics, trampoline parks with our products and to even have worked with aerospace companies on finding impact solutions. We love what we do and are excited to push things forward and safely make the world a bit more exciting.

2

INNOVATION

Innovation in any sphere takes courage. We have been innovating and pioneering airbag technology alongside many of the world's top athletes and brands over the last 2 decades in order to achieve the unthinkable. It excites us to build prototypes, innovate better materials, advance production techniques and product design/longevity. We are proud of where we have come.

3

EXPERIENCE

With a track record of successfully delivering over 5,000 projects in various domains, including extreme sports, adventure parks, gymnastic facilities, and industrial safety systems, we have gained extensive expertise in the safety, functionality, manufacturing, and materials of airbag systems. Our in-house engineers possess the prowess to swiftly turn conceptual ideas into tangible reality.

4

INTERNATIONALLY CERTIFIED

All BAGJUMP® products are certified by TÜV for quality and safety. We work together closely with our industry regulators and have played a large role in assisting the writing of various country and industry norms, such as the IATP, ASTM, DIN EN ISO or BSI code of practice.

Trusted by the Best

"The best thing about the BAGJUMP airbag is that it unlocks the best potential of the people around you, not only yourself. All the tricks that I've won basically X Games with I learned on the BAGJUMP. And now my friends are doing the same – it's incredible!"

Ryan Williams
5-Times Gold Medalist at the X Games

"The decision to integrate BAGJUMP into our Bikepark was one of the best. As a family-friendly region, we welcome riders of all ages and skill levels, from beginners to pros. The landing bag helps our guests prepare for bigger jumps and improve their air skills."

Christian Zangerl
Manager / Bikepark Serfaus-Fiss-Ladis, Austria

"The SKILLS PARK trusts BAGJUMP airbags reliability for years. The BAGJUMP team is very helpful and always open for new ideas and they react immediately to any questions and provide superior service – service is a big factor for us in the action sport business!"

Roger Rinderknecht
CEO @ Skillspark, Switzerland
