

Snow Landing

Proudly **MADE IN EUROPE**

FOR THE MOST REALISTIC SNOW TRAINING

PROGRESSION FROM BEGINNERS TO OLYMPIANS

- ✓ Customizable airbags to fit your needs
- ✓ Ideal for ski resorts—perfect for beginners & intermediates
- ✓ Olympic-sized airbags for professional training

THE SAFEST, SOFTEST LANDINGS

- ✓ Safer & more realistic than flat airbags
- ✓ Multi-compartment air pockets for ultra-soft landings
- ✓ Adjustable venting system for customized softness
- ✓ Stopper wedge prevents sliding off
- ✓ Built-in drainage for water & snowmelt runoff

PREMIUM MATERIALS & DURABILITY

- ✓ High-performance ripstop topsheet with slippery silicone surface
- ✓ Lightweight, tear-resistant materials for easy setup
- ✓ Reinforced stitching & welding for durability
- ✓ Strong anchor system with real seatbelt materials
- ✓ European-made for superior quality

YOUR BENEFITS

ACCELERATED PROGRESSION

Master new tricks with ease on the Landing Airbag's secure, forgiving surface.

PERFECT GLIDE TOPSHEET

Our specially developed topsheet ensures smooth gliding for snowboards and skis on snow or dryslope.

TOUGH CUSTOM MATERIALS

BAGJUMP airbags use the toughest, custom-selected materials for each component.

SAFEST SYSTEM

Land with confidence—our airbags offer the softest, safest, and most reliable performance, backed by 15 years of expertise.

HIGH END MANUFACTURING

Manufactured in Europe with top-tier technology and ISO 9001-certified quality management.

BRANDING OPPORTUNITY

Add sponsors or your logo to your airbag and boost exposure through social media!
