Jump & Slide Park

UPGRADE YOUR SUMMER BUSINESS WITH A BAGJUMP® JUMP & SLIDE PARK

Jump & Slide Parks offer turnkey business solutions with a high return on investment, typically within two years. We provide expert consultation to optimize your available space and deliver an innovative family-friendly park. All you need to do is provide the land, staff, and integrate the park with your payment system!

- ✓ 2 different turnkey parks:
Large or X-Large
- ✓ Low operational costs
- ✓ Realize your return on investment in under 2 years³
- ✓ Temporary structure for seasonal use or permanent structure for all year use
- ✓ 4 innovative family and fun park features
- ✓ TÜV certified safety and certified staff training

³ Based on the Jump & Slide Park X-Large with 4 features.

Jump & Slide Park

JUMP & SLIDE PARK LARGE

The Large “Jump & Slide Park” includes three exciting family-friendly features and is available as either a permanent structure for year-round use or a temporary structure for seasonal use, which can be easily stored when not in operation. This turnkey park is a comprehensive business solution, ready to integrate seamlessly into your existing setup—simply add your payment terminal, and you’re ready to go!

FEATURES

- Single tubing jump slide 7 m (22.9 ft) tall
- 3-platform jump tower:
2.5m / 4 m / 5.5m □ 8.2ft / 13.1 ft / 18 ft
- 2-lane trampoline airbag station

INCLUDING

- 300 m² (984.2 ft²) space for branding on the tower
- 60 m² (196.8 ft²) space for branding on the airbag
- Video surveillance system
- Certified playground flooring¹
- Park management plan
- On-site installation
- Perimeter fence for park security
- All operating equipment
- Tubing lift, dry slope surface, 10 x tubing tubes
- Comprehensive risk management plan
- Full certification for operations permit²
- Staff training assessment
- Delivery¹

OPTIONAL

- Jump-distance and speed measure system
- Automated photo- and video-system with RFID and social media integration (automated upload)

QUICK FACTS

- 50** Visitors / hourly capacity
- 0.5%** Maintenance cost per year
- 1** Operating staff member⁴
- 2** Year ROI³
- 9 kWh** Energy consumption per hour
- 20x45m** Required area (65.6 x 147.6 ft)
- 3x40ft** Container storage (if temporary)
- 10 days** Setup time

RECOMMENDED TICKET PRICE

15-20\$ per hour / per person

Jump & Slide Park

Turnkey Park

WHAT IS INCLUDED IN YOUR PARK PURCHASE?

Benefit from our turnkey solutions where we transform the individual features into a complete turnkey ride. Our technicians custom-build the park to suit your specific location and requirements, assisting with operations planning and branding options. These features offer high returns on investment for your park at low costs, providing safe and exciting experiences for your customers!

WHAT WE PROVIDE:

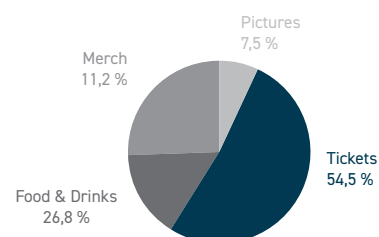

- Turnkey business with 2 years ROI³
- Setup in 2 weeks
- Fully branded park
- Ready to integrate with your payment system
- Safety certifications for operating permits²
- Surveillance system for each feature
- Temporary or permanent structure
- Marketing concept
- Certified staff training
- Huge surface for sponsors or messages

JUMP & SLIDE PARK

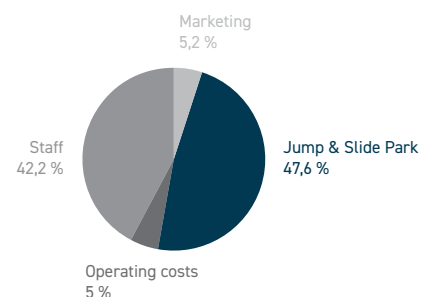

X-LARGE

- Suggested ticket price³** € 15-20 Euro /hour
- Hourly max. capacity³** 60 users
- ROI at full year operation³** 2 years
- Supervision staff required** 1-2 staff⁵
- Running / maintenance cost** low costs
- Warranty** 2 years
- Product lifespan** + 15 years

Possible income streams over 12 months

Invest over 12 months

Trusted by the Best

"We introduced Bagjump's® airbag systems to our park a few years ago, and the feedback has been overwhelmingly positive. Not only have we seen a substantial increase in daily visitors, but the safe and exciting environment has also enhanced our guest reviews and overall satisfaction scores. The low maintenance costs and durability of the equipment ensure that we continue to deliver great value to our guests while maintaining a healthy profit margin. Bagjump® has undoubtedly helped elevate our park's appeal and profitability."

Reinhold Bauböck, Manager
@ Jump & Slide Park
Saalbach Hinterglemm, Austria

"The airbags in our adventure park are great fun for the whole family! They're super popular with younger and older kids and adults as well, providing a safe and thrilling experience that keeps everyone entertained for hours. Whether you're bouncing, flipping, or just enjoying the soft landing, these airbags add an extra layer of excitement to any adventure, making them a must-try for visitors of all ages."

Michael Unger, Manager
@ Funpark Drachental
Wildschönau, Austria

"Implementing the Jump & Slide Park from Bagjump® has been a game-changer for our adventure park. The ROI was evident within the first year, exceeding all our financial projections. Our guests love the variety and safety of the attractions, which has significantly increased repeat visits. The professional design and installation process was seamless, allowing us to launch ahead of our busiest season. Choosing Bagjump® was one of the best decisions we've made for our business growth and customer satisfaction."

Erik Schulze, Project Manager
@ Jump & Slide Park
Oberwiesental, Germany

✔ Branding

700 m² total advertisement space

- ✔ Photo-quality Print: Resistant to UVA and UVB rays
- ✔ Intelligent banner system: Designed for both tower and airbag structures
- ✔ Custom branding options: We can manage all design tasks, or you can provide files from your agency
- ✔ Flexible design changes: Easily alterable for seasonal updates or special events

Tower / Structure Advertising (380m² / 1246.7ft²)³

Customize the tower structures with your own designs or opt for our in-house graphics team to handle the design process. Perfect for showcasing sponsors or displaying your slogans and messages! Our tower banners are crafted from materials compliant with all wind static regulations and are digitally printed to achieve picture-quality results.

Airbag Branding (320m² / 1049.8ft²)³

For airbag branding, you have two options: permanent or temporary/replaceable. The permanent option involves direct screen printing, where each color is meticulously applied in multiple layers by hand using a stencil. The temporary or replaceable option utilizes direct digital sublimation printing on Bagjump® soft-touch banners, which are affixed to each side of the airbags using a Velcro banner system.

³ Based on the Jump & Slide Park X-Large with 4 features.

Material

We only process the best material

HEYtex®

AIRBAG MATERIALS

All BAGJUMP® materials are exclusively produced by Heytex technical textiles. We have developed these custom-made materials alongside HEYtex® over years of research and co-operation in order to guarantee high-performance, durable materials which are precisely suitable for their intended purpose. Whether it is for the high jump-frequency and year-round usage of a trampoline park, or the high impact energy of a freestyle motocross landing, we ensure that the materials are custom-tailored to withstand the short- and long-term stresses of their individual use.

Germany's HEYtex® Group are the world leaders in the development and production of high-quality, functional and technical textiles. HEYtex® have over 100 years of experience in R&D and production with certified quality and state-of-the-art technology.

Did you know that our printed topsheets have been treated with the anti-viral additive?

Long before Covid-19, we have been using an anti-bacterial and anti-viral additive in all of our printed soft touch topsheet materials. According to the information the additive manufacturer provides, it is 'effective against coronavirus and protects synthetic textiles. Treating PES textiles with this additive can reduce viral load by up to 99%.

PARK MATERIALS

We use only the highest quality materials designed for outdoor durability to ensure our parks last for over 15 years. All materials are certified and meet the required regulations for each park configuration.

WOOD

We utilize outdoor-treated wood, specifically heat-treated to maintain cleanliness and durability.

STEEL

Our constructions employ galvanized steel suitable for outdoor use, with the appropriate thickness and specifications to meet setup permit regulations.

WOOD CHIPS / RUBBER FLOORING

The wood chips, selected for their compliance with playground flooring regulations, cover the entire park surface. Alternatively, we use rubber flooring that also meets the outdoor playground regulations.

✓ Park Safety

BAGJUMP® pressure alarm system

Enhance the safety standards of your BAGJUMP® Airbag or any other inflatable device with the new BAGJUMP® Pressure Alarm. In the unlikely event of any airbag pressure deviations or power failure, the BAGJUMP® Pressure Alarm will promptly activate an audio-visual signal, instantly alerting both users and staff. The Pressure Alarm also features a DMX port for seamless integration into your light and audio system. This enables you to trigger specific light and sound effects or make important announcements when the alarm activates. Complying with the latest industry regulations, this product is built in accordance with recognized safety standards and guidelines.

As of 2022, ISO 23659:2022 has made the Pressure Alarm feature mandatory for trampoline parks, ensuring a vigilant monitoring of your inflatable structures.

New pressure alarm system with WiFi compatibility → Pressure Alarm Gen2

GET YOURS NOW!

- ✓ Enhanced safety
- ✓ Prompt audio-visual alerts
- ✓ Seamless integration
- ✓ Industry compliance
- ✓ Easy implementation
- ✓ Protects investment

Warning signal lamp included

VIDEO SURVEILLANCE SYSTEM

- Monitors visitor activity
- Saves data and video files for future reference
- Provides anti-theft protection at night with integrated light sensors

RISK ASSESSMENT STRATEGY

- Addresses potential injury scenarios
- Outlines response protocols for various incidents within the park
- Establishes operational guidelines for safety

PERIMETER SECURITY FENCE

- Secures the park against unauthorized access
- Offers protection from vandalism
- Lockable gates delineate and secure the park boundary

STAFF TRAINING AND ON-SITE INSTALLATION

- Comprehensive on-site training for up to 10 staff members
- Instructs on the use and operation of all structures and airbags
- Guides on how to maintain daily and monthly logbooks
- Covers safe operation procedures for each structure
- Ensures professional installation of all structures and airbags by a Bagjump®-certified installer

Why BAGJUMP®

With our rich action sports heritage, BAGJUMP® is the industry leader in airbag innovation, offering high-performance, low-maintenance, hygienic and long-lasting airbag systems for sports, leisure and safety applications.

1

PASSION

At BAGJUMP® we feel extremely fortunate to be involved in the progression of extreme sports and revolutionizing the leisure industry to bring better and safer experiences to adrenaline seekers everywhere. We love what we do and are excited to push things forward!

2

INNOVATION

Innovation in any sphere takes courage. We have been innovating airbag technology alongside many of the world's leading athletes and brands over the last decade in order to achieve the unthinkable. It excites us to see how our prototypes progress from development to practical application, allowing the world's best to test the limits of possibility.

3

EXPERIENCE

Through our track record of over 5,000 successful projects across various fields globally, we have gained extensive expertise in safety, functionality, manufacturing, and materials of airbag systems. Our in-house engineers possess the prowess to swiftly turn conceptual ideas into tangible reality.

4

INTERNATIONALLY CERTIFIED

All BAGJUMP® products are certified by TÜV for quality. We work together closely with our industry regulators and have played a large role in assisting the writing of various country and industry standards, such as the IATP, ASTM or BSI code of practice.
